

2019 URFC Pesticide Monitoring Report

Herbicide Use on the Usal Redwood Forest

To address the social and environmental aspects of community forestry, the RFFI Board has elected to not use forest herbicides to manage competing vegetation for the foreseeable future. Instead it will use more costly non-chemical techniques, i.e., manual cutting, mastication, etc.

| Year | Herbicide Name | Gallons of Herbicide | Area Treated |
|------|----------------|----------------------|--------------|
| 2010 | N/A | 0 | 0 |
| 2011 | N/A | 0 | 0 |
| 2012 | N/A | 0 | 0 |
| 2013 | N/A | 0 | 0 |
| 2014 | N/A | 0 | 0 |
| 2015 | N/A | 0 | 0 |
| 2016 | N/A | 0 | 0 |
| 2017 | N/A | 0 | 0 |
| 2018 | N/A | 0 | 0 |
| 2019 | N/A | 0 | 0 |
